BLIND WITH ECZEMA

Three Children Afflicted 20 Months. CURED BY CUTICURA.

My second child got eczema when seven months old. Three months later my first child got it, and following him, the last one, two years old. For twenty months they suffered fearful agony. Their whole bodies, especially their faces, were so sore and raw that they were blind half the time. No words can describe the suffering of my second child, whose whole body was one bloody mass. He was constantly crying, could get no sleep, and he actually did not look human. I tried doctor after doctor without the slightest relief. The first application of CUTICURA brought relief in each case, and after fourteen days' treatment with CUTICURA SOAP and CUTICURA (ointment), the worst case was cured.
MRS. ANNIE RING, 518 E. 13th St., N. Y. City.

SLEEP FOR SKIN-TORTURED BABIES and rest for tired mothers in a warm bath with CUTICURA SOAP, and a gentle application of CUTICURA (ointment), greatest of emollient skin cures.

VIGILANCE NEEDED.

Filipinos Contrived to Get Behind American Lines.

Were Driven Out With Terrible Slaughter.

Dewey Cables That the Oregon is Much Needed.

Says Political Reasons Make It Urgent That the Big Battleship be Hurried to Manila.

WASHINGTON, Feb. 24.—General Otis today cabled the war department as follows:

"Manila, Feb. 24.—Scandia arrived last night. On nights 21st and 22d and yesterday morning insurgent troops gained access to outskirts of city behind our lines. Many in hiding and about 2,000 entrenched themselves. Completely routed yesterday with loss of killed and wounded about 500 and 200 prisoners. Our loss very slight. City quiet, confidence restored, business progressing. OTIS."

WASHINGTON, Feb. 24.—The following dispatches have been received at the navy department:

"Manila, Feb. 24.—For political reasons the Oregon should be sent here at once. DEWEY."

"Manila, Feb. 24.—Yorktown arrived. Charleston and Petrel cruising around the Philippine Islands. Affairs more quiet.
"DEWEY."

"San Francisco, Feb. 24.—The Oregon arrived at Hilo February 4th and at Honolulu February 5th. Iris and Scandia arrived on the 12th. GIFFEN."

Mr. Giffen is dispatch agent of the department.

MANILA, Feb. 24.—10:30 a. m.—Owing to the wholesale arrests of all suspected Filipinos yesterday, and the clearance of the streets at 7 o'clock last night, the threatened renewal of the scenes of the previous night did not occur. With the except of a few shots fired in the neighborhood of the penitentiary, the city was as quiet as possible.

Outside of Manila the rebels were very active. Near Caloocan the brigade commanded by Gen. Harrison Gray Otis had several lively skirmishes with the rebels. But at daylight the enemy was driven back with severe loss.

The feeling in this city is much improved today and business generally has been resumed. Excellent order is maintained by General Hughes' police force, which is universally commended.

The United States transport Scandia, with the Twentieth infantry on board, has arrived here from San Francisco, which port she left on January 26.

All duties on importations of fresh fruits, vegetables and meats have been temporarily suspended. Orders have been issued to enforce the provisional customs tariff at Iloilo and the following officers have been appointed to conduct the civil affairs of Iloilo:

Major Theodore Stoneberg, treasurer; Captain J. T. Evans, collector of customs; Ensign L. H. Everhart, port captain; E. C. Hatch, 18th infantry, collector of revenue.

REBELS ARE ACTIVE.

Filipino Sharpshooters Cause of Great Annoyance to Americans.

MANILA, Feb. 24.—4:44 p. m.—The enemy's sharpshooters have been particularly active about Caloocan all day. Special attention was paid to the three-gun battery near the railroad and the improvement of the rebel marksmanship was very noticeable. The rebels fired volleys at the battery, their bullets frequently skimming the tops of the sand bags. A lieutenant of the Twentieth Kansas volunteers and three other men were slightly wounded. A man was killed in the trenches today.

The rebel battery has not been used since a shell from the United States double-turreted monitor Monadnock exploded over it yesterday.

The enemy's fire was so hot during the night in the vicinity of the Higgins house that the headquarters was removed to a church 400 yards inside the line.

A few small fires have destroyed native shacks in various parts of the city.

The Twentieth infantry is being disembarked from the transport Scandia. The regiment will be encamped on the waterfront, at the former quarters of the Tennessee volunteers, temporarily.

CAUSED SURPRISE.

Dewey's Cablegram for the Oregon Not Understood.

WASHINGTON, Feb. 24.—The cablegram from Admiral Dewey asking for the Oregon was received with surprise by the officials here. No one knew, or at least would admit that he knew, the nature of the political reasons which the admiral says demand the immediate presence of the peerless battleship Oregon. The cablegram was taken to the cabinet board and fully discussed there. The admiral, it is said, possibly feels that the moral effect of the presence of the big ship upon the insurgents themselves and particularly upon that large element among the Filipinos that is believed to be restrained with difficulty from joining fortunes with Aguinaldo, with whom their sympathies lie, would be good. But there is an underlying doubt whether or not the admiral may not be keenly sighting a gathering cloud in the east and is looking to the prevention of any possible intervention by European powers in the struggle now in progress in the neighborhood of Manila.

It is believed that in the big fires much property of foreign residents and business concerns was destroyed. That those fires were caused by the insurgents cannot be denied and it may be that some of the foreign naval commanders in the east are disposed to seize upon the protest that their interests demand protection, which we cannot afford them, to make a landing or do something obnoxious to the United States and likely to encourage the insurgents. With such a strong naval force as would be afforded by the reinforcement of Dewey's fleet by the Oregon there could not be any sound reason, nor even a plausible reason for any such action on the part of third parties.

GOMEZ IN HAVANA.

Fourth Anniversary of Cuban Revolution.

The Old General Selected This Day to Make His Entrance Into the Capital of the Island.

HAVANA, Feb. 24.—Four years ago today the revolution in Cuba which has just ended in the disappearance of Spanish rule from this island broke out, today is a general holiday. Triumphal arches have been erected in the different quarters of the city bearing patriotic inscriptions, rockets popping in the air, bands are playing and General Ladlow, governor of Havana, has given permission to the Cubans to bring 500 of their troops into the city with General Maximo Gomez, who has selected this day for his triumphal entry into the Cuban capital.

General Ludlow will also receive General Gomez with military honors and General Brooke desires to show the Cuban commander every attention.

Gomez will attend a charity ball this evening at Tacon, the proceeds going to the orphans of Cuba. The firemen will give a fire drill at their house in Central Park in Central Park in honor of Gomez, who will witness it, and he will be banqueted tomorrow by the city.

The Cuban assembly meets tomorrow under the presidency of General Gomez and it is hoped that the members will get down to business.

JOHNSON WAS WARM

Indiana Congressman Attacks the President.

Most Sensational Speech Heard in the House.

Accuses the President of Deep Insincerity.

Charges That Philippines Are Being Held at the Behest of Capitalists to Pay Political Debt.

WASHINGTON, Feb. 24.—Mr. Johnson, republican, of Indiana, who made vigorous opposition to the army reorganization bill while it was before the house, secured thirty minutes in which he delivered a most remarkable and sensational speech, arraigning the administration in bitter terms for its alleged imperialistic program. It was carefully prepared and read from manuscript, quite contrary to Mr. Johnson's usual custom. He referred in opening to the recent banquet at Boston, attended by the president and members of his cabinet. He paid his respects to Secretary Alger, who, he said, had been retained in the cabinet despite his incompetency on account of his contributions to the campaign fund in 1896. Secretary Long also came in for his share of irony. He had the audacity, Mr. Johnson said, to repeat the baseless charge that those opposed to ratification of the treaty were responsible for the bloodshed in the Philippines.

As Mr. Johnson proceeded his remarkable utterances fairly amazed members of the house who gathered in the aisles to listen. Christianizing with the sword and civilizing with cannon, he declared, was the administration's policy.

The president's speech at the Boston banquet, Mr. Johnson declared, was the most disingenious that ever fell from the lips of a chief executive. "Apart from its platitudes and professions of virtue it was," he said, "a carefully devised and studious misstatement of facts."

The sensation Mr. Johnson was creating increased as he likened the president to Pecksniff. If the president really felt that congress should determine upon the future of the Philippines, he asked why the president did not call congress in extra session and then keep his hands off. He charged that the president coerced the senate into ratifying the treaty; that he would not permit a vote on the Bacon resolution and only allowed the McEnery resolution, which meant nothing, to pass in order to lull the opposition of the country to sleep while he went ahead waging relentless war against a helpless people, struggling for liberty.

How the two-thirds vote to ratify the treaty was secured, Mr. Johnson said, only the president could tell. The people did not endorse the action of the senate. If the president could hush the noise of the self-seekers about him he would hear not the tread of the 100,000 men whom he desired to enforce his crusade against liberty, but the murmurings of the mighty army of the American people who would overthrow him in the end. The true cause of the president's change of attitude toward the Philippines, Mr. Johnson declared, was to be found in the demands of selfish capitalists. They were the gentlemen, he said, who had furnished the money for his nomination and election and he had no doubt they had already pledge him a renomination and re-election.

As soon as the journal had been read at the opening session of the house, an agreement was reached to limit general debate on the army appropriation bill to five hours, and it was taken up at once.

During the debate Representative Hull had read as a part of his remarks that which he said would probably be the compromise measure for the reorganization of the army. Generally speaking, it agrees with the outline sent by the Associated press yesterday. It was read for information, and not as an amendment to the appropriation bill.

He charged that these men had already seized valuable concessions in China, which the acquisition of the Philippines would benefit. He said vast concessions had already been granted in Porto Rico and Cuba and he had no doubt that board created by the president would farm out valuable franchises to Americans which properly belonged to the natives of those islands.

THE SENATE.

WASHINGTON, Feb 24.—At 3:35 p. m. Mr. Sewell took the floor to make a speech in the support of the army bill, urging action. He made a statement to the effect that 20,000 soldiers would be needed in Cuba which was challenged by Mr. Foraker, the later saying that the military committee had put the number at 12,000. Senator Sewell expressed the opinion that the United States would soon be at war with Cuba and said very decisive action was necessary in the Philippines.

HITCH ON ARMY BILL.

WASHINGTON, Feb. 24.—It was reported this morning that there has been a hitch in the progress of the army reorganization bill, owing to the refusal of the democrats to accept that provision of the compromise bill which carries with it the increase of staff provided for in the Hull bill.

While the foregoing view was expressed at the war department, at the capitol senators generally accepted the compromise as a foregone conclusion and the understanding is that it will be along the lines indicated last night. So far as there has been any expression of opinion such a bill will be accepted, but even this will not go through without debate. Some senators hesitate to give up the provision for the enlistment of native troops in the islands while others indicate determined hostility to this provision if it should not be changed.

IS NOT SO LARGE.

Aguinaldo is Not as Great as His Reputation.

Professor Knapp Gives Some Interesting Views of the Philippines and Filipinos.

WASHINGTON, Feb. 24.—Professor S. A. Knapp, special commissioner of the department of agriculture to inspect the seed and plant resources of the orient and make a report on the opportunities for introducing our agriculture there has returned to Washington. Throughout his trip he was in conference with leading officials of China and Japan and had exceptional opportunity for observing actual conditions in both countries and also in the Philippines, where he continued his investigations. He says that while in Manila plans were then under way for looting the city—reports coming in daily that the Filipinos were about to attack it. He says the general sentiment both at Manila and Hong Kong is that Aguinaldo is a much over estimated leader; that he is not of the highest order of even the Filipinos and that he would sell out his cause for any satisfactory price. In the best circles of Manila, Professor Knapp says, it is held that Aguinaldo would be easy to deal with but for the fact that his party had a firm hold on him and that he could not get away from its influence. Aguinaldo, he added, is not credited even with the ability of framing the manifestos he issues and Professor Knapp says it is openly known that they are written by a clever Filipino lawyer who until recently lived in Manila.

"The great masses of the islanders," Professor Knapp explained, "are very ignorant and the very few who are intelligent have been thoroughly trained by the several hundred years of Spanish regime and are adepts at falsehood. The Filipinos at Manila told me that had the United States gone ahead at once on taking the city there would have been little trouble, but that the people interpreted the absence of vigorous action to mean that the United States was afraid of them. The natives have been held under severe repression for so many years that they need a strong lesson and then they will begin to understand the situation. Until then any conciliatory offer would be regarded by them as an act of cowardice on our part, according to the understanding there.

"The Spanish soldiers are very friendly and have warned our people that the natives cannot be trusted over night, and that they would assassinate the Americans at the first opportunity."

Professor Knapp contradicts the general impression that the archipelago has a population in the neighborhood of 10,000,000 people, but says the dominican fathers, than whom none could be better posted, say that 4,000,000 would be a large estimate of population. The settled islands are not, he says, as densely populated as New York state, and two-thirds of their area are government lands.

Discussing his mission Professor Knapp said that as to the Chinese trade the only question is whether we want our share of it, as leading Chinese officials admitted to him that reform is impossible and a foreign protectorate inevitable, and added that opportunities for introducing American flour, butter and cheese will be good in Japan and in China when opened up to trade.

IN NEW HANDS.

Receiver Appointed for the Randall Hotel.

George D. Ohneck is Named by the Court and Gives Bond in the Sum of $15,000.

In the circuit court this afternoon George Ohneck was appointed receiver of the Randall hotel. He at once qualified for the receivership, and gave bond in the sum of $15,000.

This morning suit was commenced by Winifred J. Randall and Perry A. Randall against Frank J. Stutesman, lessee of the property, for $2,500 and possession of the hotel.

Another suit was commenced by Henry C. Berghoff against Julia F. Randall and Frank J. Stutesman on notes and to foreclose mortgage for $1,500.

Julia Randall filed a cross suit in application for a receiver for the Randall hotel property.

This action was taken in view of the fact that she is the owner of debts aggregating about $10,000, now encumbering the property.

The receiver assumes custody of the hotel business and hotel belongings, the saloon, saloon stock and saloon fixtures, in short, everything pertaining to the Randall hotel except the hotel building.

There have been for several weeks persistent rumors that a change of management of the property was imminent, but no substantial confirmation could be obtained.

The rumors culminated today in the effort of Winifred J. and Perry A. Randall to recover possession of the property, and this was in turn followed by the receivership, as detailed in the foregoing.

The Randall is one of the best known hotels in the state and it is probable that out of the receivership will come a disentanglement of its affairs that will be of benefit to the business.

As THE SENTINEL goes to press an order of court for possession of the property is issuing.

DOCTORS FOR POOR.

PASSED BY SENATE.

Suburban Railway Bill for Fort Wayne.

Senator Ryan Got the Measure Through.

Foster Charter Amendments Are Passed in Senate.

Senator Gilbert's Bill to Reorganize the Indiana National Guard is Passed by Upper House.

INDIANAPOLIS, Feb. 24.—The three Fort Wayne bills were passed by the senate yesterday. One allows all interurban lines to use the tracks of the Fort Wayne street railroad company for entering the city, another contains the amendments to the charter contained in the Ryan bill and a third was the Gilbert bill compelling the mayor of Fort Wayne to appoint non-partisan police boards and have both parties represented on the police force. The bill also calls for a police judge and vests the board of health powers in a sanitary officer.

The suburban street railway bill was put through by the adroitness of Senator Ryan, who made it a rider for the Gilbert bill that comprehends the Fort Wayne charter amendments. It passed under suspension of the rules by a vote of 38 to 0. The Gilbert bills passed by a vote of 26 to 21.

The street railway bill has been reported favorably in the house, but it will doubtless be sidetracked to give Senator Ryan's bill a clear way to passage. All the Fort Wayne bills are now through the senate.

The senate passed a bill looking to the reorganization of the Indiana National Guard and placing it on a war footing. The bill appropriates $100,000 to be used immediately, and a similar amount for 1900, and outlines the work to be done looking to the resurrection of the state militia on entirely new lines. Senator Winfield's anti-trust bill, a perfectly harmless measure, which was antagonized by no corporation interest, also passed.

A resolution also went through asking the national government to establish a military post in Indiana, and requesting Senator Fairbanks and the congressional delegation to use their influence in that direction. Two other bills were also passed, one forbidding the marriage of whites with negroes having more than one-eighth colored blood in their veins, and prohibiting joint stock companies, insurance companies and trusts generally from loaning money to any director or other officer of the company. This bill went to the house and was railroaded through without opposition.

The committee of thirteen, to whom was intrusted the duty of harmonizing the various features of the proposed county council bills so that it would be acceptable to the house republicans, gave notice that it would report on Monday next. It is understood that the county officers have agreed to withdraw their opposition to this bill, provided the general assembly will pass a bill increasing their emoluments. The proposition is not likely to be accepted.

IT MEANS TROUBLE.

The Charter Amendments May Result in Court Proceedings.

Democrats Will Not Give Up Without a Struggle—Bill May be Beaten in the House.

A telegram from Senator Ryan last evening announcing the passage by the senate of the Foster charter amendments did not cause much surprise. Democrats expected it and republicans generally did not seem to care. A telephone message from Representative Loutitt explained that in order to secure enough votes the senate majority was compelled to wait one and one-half hours until three senators could be routed from the Dennison hotel. The house republicans have indicated that they will not caucus and it is possible the lower body may refuse to suspend the rules and act on a political bill when more important bills are to be considered.

The passage of the amendments means that Mayor Scherer will be expected to reorganize the police and fire departments. The mayor will refuse to discharge men without cause and if the republicans carry the matter into the courts a list of all the firemen and policemen can be presented the court, and if the judge grants a mandate, he will also be required to select the officers who must lose their jobs.

Then the republicans may be dissatisfied with the personnel of the boards as Mayor Scherer will construct them. No objection will be offered to appointing republicans, if the law requires it, when vacancies occur, but the boards will not make vacancies except for cause. The only republican names so far mentioned for members of the board of safety are Cyrus Fike and Walt Smith. The mayor, of course, will appoint regardless of recommendations. The scramble for police judge is still on and THE SENTINEL learns this morning that friends of John W. Hayden will suggest his name to Governor Mount for the position.

Comptroller Berghoff and other democrats may go to Indianapolis Monday to work against the bill in the house.

HOTEL AFIRE.

New Aveline Threatened With Destruction by Flames.

A Red Hot Range Set Fire to the Kitchen Floor—Loss Will Not be Large.

This morning there was a scare at the New Aveline hotel and for a time there were chances of a big conflagration.

A new range was placed in the kitchen yesterday and about 10 o'clock this morning the big affair became so hot that the floor underneath caught fire. An alarm was turned in and the department responded quickly and commenced to throw water. The blaze had not gained much headway and the chemical soon made short work of the blaze. Water did some damage, especially to the walls of the billiard room below. The loss will not reach a big sum.

RAN INTO A CAR.

An Exciting and Lucky Runaway on Calhoun Street.

Chris. Beike's team ran away on Calhoun street yesterday afternoon and that terrible injury was not done some person is more traceable to luck than anything else. The team was standing without a driver at the Harmon, and becoming suddenly frightened started to run north. In front of the Cathedral Belt line car No. 24 was coming toward the runaway team. Motorman Souers turned off the current and set the brake and jumped from the vestibule into the car proper just in time to save himself. The horses ran straight into the front of the car, broke the tongue of the wagon and smashed the window glass of the vestibule to smithereens. One of the horses was badly cut, but luckily Mr. Souers and the passengers escaped injury, although the motorman was badly frightened.

BULGARIA IS SAFE.

The Missing Hamburg-American Liner Now in Port.

Has Put in at Ponta del Gada, Azores Islands.

All on Board the Steamer Are in Good Health.

Bulgaria Was Last Sighted by the Weehawken, February 5th, and Was Given Up for Lost.

PONTA DEL GADA, Azores, Feb. 24.—5:40 A. M.—The Hamburg-American liner Bulgaria, Captain Schmidt, from New York, on January 28 for Hamburg, which the British tank steamer Weehawken reported in distress 800 miles from the Azore Islands is entering this port. All on board the Bulgaria are in good health.

The Bulgaria, it appears, stopped eleven days during which she was engaged in repairing her machinery and rudder. She lost one man during the operation.

The British steamer Antillian, Captain Fost, from Liverpool on February 4 for New Orleans, attempted to take the Bulgaria in tow, but gave up the task. The Bulgaria eventually proceeded alone.

The British tank steamer Weehawken arrived at Ponta del Gada on February 12 with twenty-five passengers which she had taken off the Bulgaria. The Bulgaria was spoken by the Weehawken on February 5. She was pronounced to be in a sinking condition. She had a crew of ninety-eight men and carried forty-one passengers. The Weehawken lost sight of the Bulgaria during the night of February 5, and was obliged to proceed, her small boats having been swept away and her bunkers being full of water.

The rescued passengers of the Bulgaria reported that the cargo of the Bulgaria shifted, throwing the steamer on her beam ends and that although a quantity of her cargo was jettisoned the crew were unable to right her.

During the gale 150 horses were lost from the Bulgaria and a boat with five in her went adrift.

DEATHS AND FUNERALS.

Mrs. Sophia Anderson died Thursday night of consumption at her home, No. 300 East Washington street. She was forty-nine years of age and was born in Hanover, Germany. She leaves a husband, Peter Anderson, and several grown children. The funeral will occur Sunday afternoon at 1:30 from the residence, and at 2 o'clock from St. Paul's Lutheran church, Rev. Miller officiating.

WINSICKE.

Anthony Winsicke arrived in Fort Wayne last evening and arranged to have the remains of his brother, Frank Winsicke, taken to Chicago today. Deceased was aged twenty-eight years and came here in October to work for Weil Bros. He had been an invalid all his life.

PALMER.

The funeral of Mrs. Mary Palmer will be held from the Catholic church at Hesse Cassel at 9:30 o'clock tomorrow morning. Interment in the Catholic cemetery at Hesse Cassel.

LAVANWAY.

The funeral of the late Frank Lavanway will be held from his late residence at 2 o'clock Sunday afternoon. Interment in Lindenwood cemetery.

BIEGEL.

Julius Biegel, the nine-year-old son of Mr. and Mrs. Julius Biegel, 139 Monroe street, died Thursday afternoon at the St. Joseph hospital of appendicitis, whither he had been removed to undergo an operation. Besides the parents, two sisters, Mesdames Charles Geptert and John Miles, and Frank, Charles and Miss Eva Shuster, half brothers and sister, are left to mourn his loss. The funeral will be held from the Cathedral at 9 o'clock Monday morning. Interment in the Catholic cemetery.

What is the difference between Saturday and Monday? Six dollars in the price of Patterson's $30 overcoats.

DEROULEDE ARRAIGNED.

Frenchman Charged With Attempting to Foment Revolution.

PARIS, Feb. 24.—Deputies Deroulede, Marcel Herbert and Millevoye, who were arrested last night, were confronted at 2 o'clock this morning with General Roget, who declared that M. Deroulede had tried to induce him and his troops to march on the Elysee palace. The friends of M. Deroulede fear that he will be tried before the senate, sitting as a high court. In all, the police made about 400 arrests yesterday.

Tomorrow, the last day, that 75c buys a pair of Wabash overalls at Patterson's.

The following visitors from Bluffton were in the city today and ate dinner at the Randall: Mrs. Fred Mosiman, Maj. W. A. Gullins, Mrs. E. S. Mason, Mrs. F. P. Adams, Mrs. A. Oppenheim, Mrs. D. C. Volmer, W. H. Ernst and Mayor J. B. Plessinger.

The Philippine rebels have been piling up their score a good deal faster than General Otis has been able to collect on account.

Secretary Alger has planned a junket to Cuba at government expense, and to give the expedition a less offensive character, sent invitations to a number of congressmen, most of whom have declined with thanks to participate in the war secretary's picnic.

In his dealings with the promoters of the proposed charter amendments Mayor Scherer appears to have been actuated solely by the very laudable desire to save his own bacon without much regard to who might else be stripped. Which goes far to prove that great heads oft-times roost on unwonted shoulders.

The death of former State Treasurer Haywood, of Pennsylvania, who was jointly indicted with Senator Quay for alleged misuse of state funds, is a singular circumstance in view of the fact that the celebrated case was to come to trial next Monday. What effect it may have on the prosecution of Senator Quay is problematical. Certainly it ought to have no effect whatever.

The revolution in France was advertised to be due at even date with the funeral of the late President Faure, but it did not turn up. The obsequies passed off with remarkable quiet and decorum on the part of the people of Paris. Perhaps the extraordinary military precautions taken to suppress disorder had something to do with the very decent temper of the Parisians, but not all. The smouldering fires of revolution which have been so much descanted upon seems to be—well just smouldering.

An interesting case has just been disposed of by the police authorities of Tacoma, Wash. John L. Tait, a professor in the Tacoma high school, was arrested last week on the charge of having hired one O'Brien to murder the professor's wife. The arrest was made on the testimony of O'Brien himself, who laid the plot bare to the police. Then to extricate Professor Tait, Mrs. Tait gave out a signed statement that her husband being an enthusiastic student of criminology, he and she had agreed to the plan of hiring O'Brien to kill her in order that the professor might minutely study the workings of the would-be murderer's mind in its evil processes. When the time arrived for the murder Mrs. Tait was to have been out of O'Brien's reach. Professor Tait was released, but the town is divided as to his innocence. He is a deacon in his church and has always stood well in the community.

The moon has not changed since it was announced for the president that the army reorganization bill should be made a law as it was passed by the house even if the president had to pay as the price for it an extra session of congress. Yet a compromise has been effected in the senate by which the measure may be reported and through which it in all probability will pass. Those senators who were opposing the bill have forced the president to give a guarantee of good faith in his declarations that the bill was not desired merely for the purposes of a large army, but because present national exigencies made a larger regular establishment necessary. In other words, Mr. McKinley, in order to get an increase in the army, has been forced to a "show-down." There was a good deal of bluff in the talk that President McKinley and the republican leaders had no fear of the political consequences of calling an extra session of congress. Upon a measure of a character not so great in its import as the tremendous enlargement of the army, perhaps that would have been more likely to be true. It is not hard to realize that with respect to the army bill it was not true. The increase in the regular military forces of the United States will be allowed, but according to the terms of the compromise the increase is not to be permanent. The thirty-five thousand additional soldiers asked for will be enlisted only for service until July 1901, within which time it is expected the exigencies now so urgent will have disappeared.

A PROGRAM OF MERIT.

Entertainment Tonight for the Benefit of the North Side Baptist Mission.

An entertainment for the benefit of the Baptist North Side mission will be given at the lecture room of the Baptist church this evening at 8 o'clock. Miss Philley and a number of her pupils, assisted by local musical talent, will render the following program:

Fort Wayne Wideawake.

[Auburn Courier.]

Fort Wayne is wideawake to get our railroad into their town. They have secured of the legislature a law by which they can let outside trolley lines into their city over the lines already in operation. Their papers speak of the Auburn and Angola line in connection with this move. But it rests with our commissioners to let a road be built through this county or not. At present they have refused to let the line go beyond Auburn or Garrett.

SCHOOL TEACHERS

Of Northern Indiana Will Meet Here the Last of March.

Some of the Best Educators in the Country Will be in Attendance on the Convention.

The Northern Indiana Teachers' association will hold its seventeenth annual meeting in this city on March 30th, 31st and April 1st. The visitors will spend the first day visiting the Fort Wayne schools and the convention proper will accordingly not convene until Thursday evening, March 30. There will be excursion rates on all railroads and the attendance promises to be very large. At the last meeting there were enrolled more than twenty-two hundred members and the conventions can only be held in larger cities of the state, where there is plenty of room for visitors.

The programs have not been issued, but it is announced that Dr. G. Stanley Hall, president of Clark university, Worcester, Mass., and Dr. Martin G. Brumbaugh, professor of pedagogy in the University of Pennsylvania, will be the principal speakers at the general sessions. They will also take part in the work of some of the grade sections. The music will be furnished principally by the pupils of the Fort Wayne schools. An exhibit of work in penmanship and drawing will be one of the features of the meeting.

IT IS TONIGHT.

Entertainment at Feeble Minded School for Benefit of Door of Hope.

Every cent paid for tickets for the show at the state school tonight will go to the depleted treasury of the Rescue Home. There are no expenses of any kind to come out of the receipts. This will be an amusing entertainment. One gentleman who saw it given a few weeks ago by the same performers, said he laughed until his sides ached. The "dude" alone is worth the price of the show. The chamber of horrors and the natural freaks are simply immense. Mrs. Jarley and her little Nell and the two gentlemen in uniform, who move the figures on and off, and wind up the clock works that makes them perform, are all very funny.

GOOD MEETING TONIGHT.

Interesting Services Will be Held at the Volunteers' Armory.

The services at the armory of the Volunteers of America, 228 Calhoun street, tonight promise to be of unusual interest. Miss Sharp, of Westminster seminary, who was to have spoken earlier in the week, but was prevented by the stormy weather, will be heard this evening. The Wayne quartet will sing and Miss Craig will have charge of the music. A consecration and testimony service will be held, led by Captain Scott. Friends of the Volunteers of America who have not yet attended any of the meetings at the armory are invited by Captain Scott to lend the cheer and encouragement of their presence at the meeting this evening.

POLICE COURT.

Two Beggars Sent to Jail to Serve Twenty Days Apiece.

Officer Greer yesterday afternoon arrested Cook, the drunken vagrant who makes a practice of begging money with which to buy whisky. This is the third time he has been arrested within six weeks and Mayor Scherer sent him to jail for twenty days.

Detective Dasler arrested a Jew who gave his name as Adolph Cohn. The fellow had been importuning the guests of the Strauss-Becker wedding and Wednesday evening forced himself into the banquet room at the Wayne hotel. Complaint was made to the police and Detective Dasler made the arrest. Mayor Scherer sent Cohn to jail for twenty days.

The canvass now being made for funds of the work of the Associated Charities is meeting a generous response from the citizens, and this is quite encouraging to those connected with the organization. A few months ago the executive committee endeavored to secure sufficient funds by taking memberships only, but the plan did not prove successful and had to be abandoned. This accounts for the fact that some persons who accepted that plan have been again called upon by the solicitor now at work, A. R. Hirons. It is authoritatively announced and is due the people to say that persons subscribing to Mr. Hirons will not be called upon for another contribution during the year 1899.

DYSPEPSIA CURE

A DEAD MAN WON.

Startling Finish of a Bicycle Race in Australia.

James Somerville, at Sidney, Goes Under the Tape a Corpse—Heart Failure on Last Lap.

VANCOUVER, B. C., Feb. 23.—Australian advices by the steamship Miowera, tell of a remarkable bicycle race in Sidney, which was won by a dead man. It occurred at a big electric light carnival. In a one-mile race there were fifty entries, some of the fastest men in Australia taking part in it. While 10,000 people watched this particular race, which was for a magnificent cup, young James Somerville passed under the tape a winner and a dead man.

At the start he quickly forged ahead, closely followed by another crack rider named Percy Cliff. They left forty-eight riders away in the rear and shot around the track almost wheel to wheel. When within twenty-five yards of the tape Somerville, who still led by half a wheel, was seen to relax his hold on the handle bars. His pedals whirled around, however, and he pluckily held his position.

Five yards from the tape Cliff, put on a tremendous spurt and struck Somerville's hind wheel, shooting the machine with its then almost inanimate burden, like a rocket under the tape. The crowd yelled wildly, but silence ensued when Somerville, after crossing the tape, plunged headforemost from the machine on the hard track.

When picked up he was dead. Physicians who examined his body said he must have had an attack of heart failure on the last lap.

A FESTAL OCCASION.

Ohio Man Invites His Friends to Play Cards at His Mausoleum.

KENTON, Ohio, Feb. 24.—James M. White, the capitalist, is dead. Deceased some time ago built an immense mausoleum and fitted it up elegantly, and directed that his friends should come there and play cards and enjoy themselves after his death, adding that he could not take a hand, but he would be with them anyway. He was a thirty-second degree Mason, having been a member of that order for fifty-two years. The members of the fraternity from all parts of the state will attend his funeral Monday. He leaves a large estate to two daughters.

CORNER IN EGGS.

Ohio Man Now in Control of the Pittsburg Market.

PITTSBURG, Pa., Feb. 24.—There is a corner in eggs here and prices have advanced from 21 to 40 cents a dozen. Last week D. H. Miller, of Philo, Muskingum county, Ohio, arrived in Pittsburg, and quietly started in to buy eggs. In a few days he had secured 1,000 cases, or 30,000 dozen, and now has the market cornered. Before coming to Pittsburg, Miller went out among the poultry farms and found that the hens had been frost bitten during the blizzard. As it takes them several weeks to recuperate Miller says eggs will be selling at a nickel apiece before Easter.

WILL NOT RESIGN.

Alger Denies the Reports Now In Circulation.

Declares He Could Not Think of Quitting Office While He Is Still Under Fire.

PITTSBURG, Pa., Feb. 24.—Secretary of War Russel A. Alger, with his party, returning from Detroit, passed two hours in Pittsburg last night. During his stay here he took occasion to deny the story published yesterday afternoon that he contemplated resigning. In answer to further questions he said:

"I could not afford to leave the cabinet under the present conditions.

"I am perfectly satisfied to leave the investigation of my conduct during the Spanish-American war with the investigating committees that have been appointed. I have no fear of the result. I could not relinquish the portfolio of secretary of war while still under fire."

HE LIKES HIS JOB.

WASHINGTON, Feb. 24.—Secretary Alger returned to Washington today and when asked concerning reports that he intended to resign from the cabinet said that he never had entertained such an idea and that so far as his own disposition was concerned he would remain in the cabinet until the term of the president expired.

NORTHERN INDIANA NOTES.

Robert Pinkham, a prominent farmer of Troy township, Whitley county, is dead, aged seventy-one years. He was widely known.

E. L. Teagarden, an old and highly respected citizen of Albion, is dead at the age of seventy-six. He had lived in Noble county since 1853.

Edwin Partridge, who settled in Marshall county in 1838, is dead, aged eighty-eight years. He removed to Fulton county in 1845 and resided there until his death.

Burglars entered the home of J. C. Messer, a De Kalb county farmer living near Melburn, and gave him and his wife a terrible beating. Mrs. Messer is sixty-five years old and may not recover.

Harry Waldmar, of Rochester, was arrested in Chicago and returned to Rochester to answer charge of forging his employer's name to a check for $175 and decamping with the proceeds.

Charles Jeffrey, a prominent Whitley county farmer, sued John Deam, another well known farmer, for alienating his wife's affections and asked damages in the sum of $5,000. Thursday a jury in the Whitley circuit court awarded Jeffrey a verdict of $100.

Wabash county fruit growers have made a careful examination of their orchards since the late severe weather, and say that while the cherries, apples and grapes are uninjured, the peaches have been killed in every part of the county, while the raspberries and plums are badly hurt.

Bessie Lane, who had been adopted by Mrs. Emeline Burns at Wabash, was fatally injured in a gas explosion. While the two were in the house alone the girl went into the cellar to get potatoes. To light her through a dark passage way she struck a match and instantly there was a terrific explosion of accumulated gas. The floor of the room above was torn up and Mrs. Burns was thrown into the cellar badly injured. The girl was so terribly hurt that she lingered but a few hours when death ended her suffering.

Four years ago George Gladden died at Decatur and his remains were interred at the Maplewood cemetery. Several weeks ago his widow died, and her remains were intered in a vault at the same place. This week it was decided to ship the remains of Mr. and Mrs. Gladden to Steubenville, Ohio, for final burial. When Mr. Gladden's casket was opened the remains were found in a perfect state of preservation. Both hands and part of his face had turned to rock as solid as any that was ever taken from a quarry. His hair had also grown to an immense length.

MOLINIEUX STILL FREE.

Accusations of Cornish Had No Vital Effect in Poisoning Case.

NEW YORK, Feb. 24.—The Adams inquest was continued today. As yet it is impossible to forecast when the remarkable hearings will come to a close. So many things foreign to the actual crime have been introduced into the case and so many contradictory statements have already been made by the various witnesses that it is probable that nearly all of the principal evidence will be gone over again. This is especially true in regard to the testimony of Cornish and Molineaux.

The hearing yesterday was almost entirely made up of Cornish's attempt to show that Molineaux was the only man that could have sent the poison to him with the intention of taking his life. That Cornish adduced no vital evidence is evident from the fact that Molineaux is a free man this morning.

Offered a Bishopric.

E. A. Karns has resigned his position at the New Aveline and this morning left for Detroit to accept an offer from the manager of Gill's museum of anatomy.

R. M. Orr, city clerk of Peoria, Ill., was in the city to attend the funeral of his brother's wife, the late Mrs. J. H. Orr. He was a visitor at the city hall this morning. Mr. Orr was a Fort Wayne boy and left here more than thirty years ago.

The state school had its usual celebration on Washington's birthday. One of the most pleasing features was a parade and minuet in continental costume by twelve small boys and girls. This feature is to be repeated by request as a curtain raiser for Mrs. Juley's wax works tonight at the state school, for the benefit of the Rescue Home.

The home of Mrs. Julia Rosselot, on Riverside avenue, was the scene of a very pleasant wedding last evening. At 6 o'clock, in the presence of a small company of immediate relatives and intimate friends, Rev. Sherman Powell pronounced the words which made Frank E. Long and Miss Emma J. Rosselot man and wife. After congratulations the happy company partook of an elegant wedding supper. The couple were the recipients of some beautiful presents. They will reside west of the city, where Mr. Long will manage a large farm. A large circle of friends will rejoice with them in their excellent prospects.

After the Pullman Company.

DENVER, Col., Feb. 24.—Secretary of State Beckwith has discovered that the statement of the Pullman Palace Car company, on file in his office, gives the capital stock of the company as $100,000, while it is now actually capitalized at $54,000,000. He says the company owes the state of Colorado a fee of $8,091, and he will take steps to collect that sum.

Wages of Puddlers Raised.

READING, Pa., Feb. 24.—The Brook Iron company has posted notice at its works, at Birdsboro, of an increase of 25 cents a ton in the wages of puddlers to go into effect April 1. The new rate will be $2.50 a ton.

Ameer of Afghanistan Reported Dead.

BOMBAY, Feb. 24.—There are persistent rumors among the natives at Peshawur that the ameer of Afghanistan, Abdur Rhaman Khan, is dead. The Indian government has not received any confirmation of this report, but it is thought quite probable that such information would come more speedily through native channels.

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Troubles.

Do Not Be Alarmed, But Look for the Cause.

Heart troubles, at least among the Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart, Co., Marshall, Mich.

WOMANLY

A sweet woman, the picture of health, speaking with enthusiasm, said, "I don't see why you do not send out women to talk to women about the merits of Pabst Malt Extract, The "Best" Tonic. There are so many women that are run down, with nerves shattered, with a lack of vitality, feeling a sort of restless indecision which is an outgrowth of over-exertion. If you could only get a woman who knows as well as I do how "Best" Tonic will build one up, and who has enough earnestness to tell them about it, you would certainly have largely increased sales. There is Mrs. —, who was as thin as she could be, and her poor little baby, puny and undeveloped. I told her about "Best" Tonic. In three weeks you ought to see the difference. The improvement is something great; mother and baby both feel it and show it."

IT'S A WINNER....

Our great sale, a success, started off with a very lively trade and the buying ever since has been active and without abatement. Many people who came "just to see what we had," and others, who "were afraid it was a fake sale," looked at the goods, bought them and left the store fully satisfied that we are doing just what we advertised to do, viz: Selling our entire stock--no reserve--no exceptions--at cost price, and most articles below the cost price. Some who came to buy only an overcoat bought a suit also, because, as they said, it was too good a bargain to let slip. True.

WE EMPHASIZE

We do not expect to make any Profit on this Sale. Our sole object is to turn the stock into cash. We want the money.

So great has been the demand that an extra force of clerks had to be employed to wait upon the customers. Every man, boy and woman who has bought garments here will be a walking advertisement for us. They will critically compare their garments with those their neighbors bought at other stores--see the great saving, and their neighbors and friends will be here to get some just like them. We can supply all who come, for, notwithstanding the demand, the decrease in our big stock is hardly noticeable. Have you been in, reader? If not, you are missing something. This sale will last until March 1st.

CONFIRMATION SUITS.

OUR SUCCESS

Last year in getting more than one-half the entire Confirmation Suit business in Fort Wayne was only due to the fact that we showed the best line in this city.

THIS YEAR while we hardly expect to catch all of it we anticipate missing very little, as our line of

Confirmation Suits

Is out of reach of competition in STYLE, QUALITY and PRICE.

OUR PRICES THIS YEAR

$5.75, $7.75 and $9.75.

Suspenders, Tie, and Gloves with each suit.

IN ADDITION WE WILL AWARD TO THE MOST POPULAR MALE CONFIRMANT............

A $75 Solid Gold Case Watch.

Each confirmant buying his suit from us will be allowed to enter the contest which will close 6 p. m. Wednesday, June 28th, 1899. Each contestant will be supplied with blank votes to be distributed amongst his friends and every purchase of $1.00 will entitle them to a vote which will be cast in a sealed box in our store. Ballot box to be opened and ballots to be counted by two prominent citizens of Fort Wayne.

Special Notice

To confirmants desiring to buy their suits late, we will allow all parties that call and leave their orders for suits to be taken later to enter the contest as soon as they desire, so as to give no advantage to parties buying early. Contest to start Saturday, February 25th.

GLOBE M. Frank & Co.

Any Confirmant receiving 100 votes or over will be presented with a Silver Watch or Gold Pen.

ELECTRIC WORKS.

The Situation Not Quite So Bad Today.

One Hundred and Two of the 330 Employes Will be Retained, and Others May be Re-employed Shortly.

In order that the situation at the electric works might be placed in its true light, a SENTINEL reporter this morning interviewed Superintendent J. J. Woods with the following results:

The court has ordered the receivers to raise $8,000 with which to purchase supplies and material for manufacturing dynamos and electrical apparatus. This sum is not sufficient to furnish raw material for a full force of workmen more than five or six days and in order that the works may be kept in operation a longer time it becomes necessary to only employ a part of the original force. When the affairs of the company passed into the hands of the receivers, the corporation ceased to be an employer and consequently the 330 men on the pay rolls were practically out of a job. The receivers have re-employed 102 of these men and the others—227 men—have been notified that their services will not be required until the affairs of the corporation have been more definitely settled. Mr. Woods expressed the belief that the idle men, or a good portion of them, would be re-employed in three or four weeks.

The timekeepers were busy today on the pay rolls, getting them in shape for tomorrow, when it is expected to begin paying the men for services rendered up to and including last Tuesday. The sum thus disbursed will amount to between $35,000 and $40,000.

Taken as a whole the situation at the works is not so serious as reported yesterday.

Relief Union Will Continue in Existence.

The members of the Electric Light Relief union held a meeting last night for the purpose of discussing the future of the organization. The sentiment in favor of its continuance was almost unanimous and it will be maintained. Although less than two years old, this organization has been a power for good. It has collected $1,500 and paid out in sick benefits over $1,400 to 155 members. There still remains in the treasury over $30. Owing to the fact that the pay day at the works was postponed until tomorrow or Monday, it was decided to extend the time of paying dues to next Tuesday. William Martin has been authorized to collect from the male members and Mrs. Wright will perform the same duty among the ladies. Of course those who do not pay their dues on or before Tuesday will be dropped from membership.

Burned His Face.

John Meyers, night engineer at the Wabash shops, was burned last night in a most peculiar manner. Slack coal is used for fuel under the shop boiler, and Mr. Meyers had filled the furnace with it. A few minutes later he noticed that the fire did not burn properly, and he took the poker to stir up the coal. When he gave it a punch, there was a puff and a blaze and Mr. Meyers was thrown back against the wall by the force of the explosion. He thought the boiler flues had given way, but it proved to be only an explosion of coal gas. Gathering himself up he found that he was minus a moustache and a good portion of the hair on his head, and that there were several painful burns on the face and neck. It was a narrow escape from serious injury.

Old Shopman Retires.

Frank Frary, a machinist who has been employed in the Wabash shops for many years, retired from that position last evening. He is undecided what he will do, having several propositions under consideration. If he can secure suitable quarters, he may establish a small repair shop down town. He will not engage in anything for a few weeks, however, preferring to thoroughly canvass the field first. Mr. Frary's shopmates were sorry to part with him.

Pittsburg's New Time Card.

The time card which the Pennsylvania company will put into effect next Sunday has been completed. The only change of any importance is in the time of departure of No. 7, the west bound mail and express train. After next Sunday this train will leave Fort Wayne at 4:50 o'clock, instead of 5:20, as at present. Business men will do well to make a note of this fact, if they want to get their mail out on No. 7.

York is Dead.

Granville M. York, the Nickel Plate fireman who was injured at Burkett several days ago, died at 9:30 o'clock last night. The deceased leaves a wife and one child, who reside at Burr Oak. York had worked on the road less than two months. At the time of the accident which has resulted in his death he was firing for Engineer T. E. Short on train 41. The funeral will take place at Burr Oak at a time to be appointed later.

White Pass Road Nearly Finished.

Work on the White Pass railroad in Alaska is going forward rapidly, and already the road has been constructed to the summit of White Pass, 4,000 feet above sea level, and trains are running to this point from Skaguay. It is expected the road will be completed to Lake Bennett early the coming summer. The building of the road to the point already reached was a work of great difficulty. Clarence Cook, who is now en route to the Thistle Creek district, will probably be the first Fort Wayne man to cross the mountains by the White Pass railway.

The Wabash vs. Lima Northern.

The Wabash and Lima Northern Railway companies are engaged in a lively fight before Special Master Belford in the United States court at Toledo over the payment of alleged rentals. The Wabash company claims that the Lima Northern owes it $22,000 for track rentals for the use of the Wabash tracks between Lima Junction and Addison. The Wabash either wants the rental paid in full or the Lima Northern restrained from using the tracks.

Forty Engines for the Wabash.

Vice President and General Manager Joseph Ramsey, of the Wabash, returned to St. Louis headquarters yesterday from Washington and New York, says the St. Louis Globe-Democrat. The Wabash has awarded to the Baldwin, the Richmond and the Rhode Island works a contract for forty new locomotives. Thirty of these will be used in the freight service, four for switching and six for fast passenger service. The passenger engines will have 87-inch driving wheels. The extension of the Wabash to Buffalo has called for increased rolling stock, but the results of operation of the Buffalo division have far exceeded the expectation of the management.

American "Push" Brought the Order.

The recent order for locomotives from the Midland railway, of England, has been explained by the chairman of the company, Sir George Ernest Paget, in which he pays a handsome tribute to American engine builders. He stated that the company had ordered 170 engines from English makers in 1897, and not one of them have been delivered yet, and that when the company gave an additional order in December, 1898, the company could not give a promise to deliver one within fifteen months, so it was determined to ask bids from the American Locomotive works. In one case ten engines were promised in ten weeks after the order was placed, and another works promised to build ten, to be delivered within four months.

Borrowed Engineers Returning Home.

Eight crews—four engineers and four firemen—who came here several weeks ago to work temporarily on the Pittsburg road, left for their respective homes this morning. They are employed on the Cleveland and Pittsburg division and reside in Wellsville. The borrowed engines will also be returned to the lines from whence they came. Business on the western division of the Pittsburg continues very heavy, but it is believed that the regular force and engines will be able to handle it.

Pinched by Cars.

Charley Scott, a Pennsylvania freight brakeman, was brought from Warsaw last evening, on the local freight, suffering from the effects of an accident. Some lumber on a flat car had shifted its position until some of the boards projected over the end of the car. Mr. Scott failed to notice this and when he went in to couple the car onto another, he was pinched. Dr. George C. Stemen says the man had sustained a fracture of the pelvis, which is regarded a dangerous injury. Mr. Scott is now at his home, 28 Baker street, where he is resting fairly comfortable, considering the extent of his injury. The injured man was a member of Conductor Kinsey Kimmell's crew.

Local and General.

Brakeman E. Burr, of the Pittsburg, is sick and off duty.

Master Mechanic G. S. McKee is out on an inspection tour today.

Harry Rogers, a messenger in the Pittsburg shops, is sick and off duty.

J. H. June, traveling passenger agent of the Union Pacific, was in the city today.

H. J. Miller, one of the administrators of the McDonald estate, has returned from New York.

The Lake Erie and Western will next month place an order for 500 box cars, 60,000 pounds capacity, possibly increasing the order to 1,000.

Road Foreman A. H. Polhamus is in Chicago today on business for the Pennsylvania company.

Joseph Layer, painter at the Olds Wagon works, bought a fine pacing horse of Brakeman A. B. Tonsley yesterday.

J. McIntyre, one of the recently promoted Pittsburg enginemen, made his first trip out at the throttle yesterday.

Brakeman J. A. Sharpe now has a regular run on the Nickel Plate, being a member of Conductor W. H. Epps' crew.

Local Conductor D. B. Benbow, of the Nickel Plate, is taking a lay off and his run is in charge of Conductor C. D. Snyder.

George Renschler has quit the Wabash shops, where he was employed for some weeks. He does not know what he will do.

J. J. Conroy, a machinist's apprentice, quit the Wabash shops last night and will take a position in the Pittsburg shops soon.

Henry Hartman has recovered from injuries received in the Pittsburg blacksmith shop, two weeks ago, and this morning reported for duty.

J. R. Motaker is sick and Henry Zollinger is off duty to attend to some private business. Both are employed in the Pittsburg planing mills.

Conductor Frank Maxwell, who was bedfast with the grip for over a month, has recovered. Yesterday he resumed his duties on the Nickel Plate.

Peter Anderson, night axle hammersmith at the Bass works, is kept from the shop by sickness in his family. His wife is said to be dangerously ill.

Del Munger has been retired from his position as baggage master of the Grand Rapids and Indiana at Lagrange and the place given to Charles Kenecy.

The Illinois Central has asked for bids on eight ten-wheel passenger engines, twenty-four ten-wheel freight locomotives, two consolidation engines and six switching engines.

The Wabash has disposed of all of the light steel rails taken up last fall and replaced by heavier ones to an Arkansas company now engaged in building a railroad. These old rails are in excellent condition.

Next month the Baldwin locomotive works will deliver to the Grand Rapids and Indiana road four ten-wheel locomotives with working pressure of 200 pounds; weight on driving wheels of 100,000 pounds.

General Manager L. F. Loree, of the Pennsylvania company, who has been here for three or four days, went to Chicago this morning on train 15. It is understood that he will return here to spend Sunday.

Track laying on the Columbus, Lima and Milwaukee has reached a point two miles from Gomer, eight miles north of Lima, and as soon as the bridge over the Shawnee river is completed trains can be run into Lima.

The movement to abolish second-class passenger fare in the Central Traffic association territory has received a set-back by the Nickel Plate and the Baltimore and Ohio declining to become parties to such an arrangement.

The private car of the late R. T. McDonald, which has been in New York for the past two months, was returned here last night and turned over to the administrators. D. C. Cotton, the colored cook, had charge of the car in transit.

Engineer Kilpatrick, of the Lake Shore switch engine, was taken suddenly ill yesterday morning and had to abandon his engine. George W. Lynn, foreman of the round house, took the vacant place at the throttle, and he performed the duties there like a veteran.

James P. Whaling, who for twenty-five years was general auditor of the Wisconsin Central Railway company, died at Milwaukee yesterday, aged eighty-three. He had been in failing health for a long time. Mr. Whaling retired from active service in the railway company eight years ago.

Andrew Anderson, the Nickel Plate conductor, will become an agriculturist if his plans in that direction do not miscarry. He has bought a farm a few miles from the city and is now moving his family onto it. The railway officials have granted Mr. Anderson leave of absence for several months, in order that he may have an opportunity to "try his hand at farming." If he is successful in that line, he will retire permanently from the railway service.

AFTER FRANCHISES.

Board of Works is Considering Two Applications.

H. H. Calvin Desires to Construct a Hot Water System—The Central Union Conduits.

H. H. Calvin, of Toledo, representing the Yarian Hot Water company, of that city, is here consulting with the board of works. Mr. Calvin is desirous of securing a franchise to use the streets to construct an apparatus for heating buildings and storerooms which is decidedly novel. His idea is to establish a central station for the distribution of hot water through pipes laid in the ground to any portion of the city. Mr. Calvin is a brother of Dr. Calvin, of this city. He expects to make application for the franchises on all the business streets of the city.

The system is in operation in parts of Toledo and has proved successful. It is merely an extension of the common system of steam heating and Mr. Calvin asserts that it is the best and cheapest method of heating that can be adopted.

Mr. Calvin's plan contemplates in some central location a boiler house, where water will be heated, and pumped thence to any building within a radius of a mile, or even to a greater distance. By proper circulation, he says, this can be done, and heat carried to many buildings with moderate use of water.

THE CENTRAL UNION.

General Manager M. J. Carney, General Agent L. G. Richardson and Engineer E. M. Jackson, of the Central Union Telephone company, met the council committee on contracts and franchises in the city clerk's office last evening and discussed the franchises which the company desires for more streets so as to be able to place a conduit system throughout the city. The company wants all of the down town streets and is desirous of having a franchise granted before any of the streets are paved. Mr. Carney offered to take the members of the committee to Cleveland to show the territory covered by conduits in the Forest City.

Engineer Jackson presented a plan, showing underground conduits on all streets in the territory bounded by Barr and Webster streets, the Nickel Plate railway and Williams street, and the local manager, E. L. Taylor, asked that a franchise be granted for all this territory. Included in this territory were a few minor places not covered by the company's existing franchise.

Messrs. Carney, Richardson and Jackson this morning met the board of works and City Engineer Randall. Mr. Jackson exhibited his map and explained just where the company desired to place its conduits. The conduits will be large ones able to properly protect not less than fifty cables. The gentlemen were highly impressed with Fort Wayne, and expressed their belief that it was certain to be within a few years one of the largest cities in the central states. There is push, enterprise, in fact, progressiveness among its citizens, which means something. The plans of the Central Union are based on the belief that Fort Wayne is soon to be a large city. The constructing of a conduit system means a most effective system, one where the patron will not even be compelled to turn a crank to call central. The very latest telephone improvements will be placed in Fort Wayne and the local system will be equal to any in the country.

Messrs. Carney and Jackson went to Chicago at noon and Mr. Richardson went to Dayton. The latter gentleman will return within a week and present a contract to the board of works. At the conferences held last evening and this morning nothing was said as to what compensation should be agreed upon.

MUNICIPAL NOTES.

Comptroller Berghoff is preparing to receive bids on the printing of the proposed city bonds.

The board of works yesterday purchased from Finis Cartwright four push carts which are to be used in collecting dirt on the paved streets.

The property owners on Broadway from Creighton avenue to Home avenue last evening presented a petition to the board of works asking that the portion of Broadway between the two avenues named be paved. They have not agreed on the material.

A petition asking for sidewalks on both sides of Calhoun street from Killea street to Richardville avenue, was received and filed.

Lady Curzon Ill.

CALCUTTA, Feb. 24.—Lady Curzon, wife of Lord Curzon, of Kedleston, the viceroy of India, is suffering from a slight attack of fever, but there is no cause for anxiety. She will proceed to Simla, the summer capital of India, a week from now.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of Utah Kidney Beans; they gave her new strength and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

Fred Mertz, a young man who resides with his parents at 15 Polk street, called at THE SENTINEL office today to have announcement made that he is not the Fred Mertz who perpetrated a number of petty frauds on Henry Fortmeyer, a farmer living on the Goshen road, and on Mrs. Kuhl, of Franklin avenue, Wednesday, and fled the country. He believes the fugitive may be some one who is purposely using the name to throw the blame where it does not belong.

One of the pleasant social events of the week was the celebration, Tuesday evening, by Mr. and Mrs. Frederick S. Smith, of South Hanna street, of the twenty-fifth anniversary of their marriage. A large number of friends gathered at the home of the couple and the bride of a quarter of a century proved a most entertaining hostess. Singing, dancing and games were enjoyed and the climax of the evening was the splendid supper to which the guests sat down at a late hour. Upon departure of their friends Mr. and Mrs. Smith invited them to be present at their golden wedding anniversary when that occasion should arrive. Mr. and Mrs Smith have had born to them fifteen children, twelve of whom are living.
